ADMINISTRATION

Superintendent's Message

Massachusetts' own native son, Horace Mann, educator of world renown, in 1840 asked the following question: "Are the young people in our schools being educated in reference to themselves and their private interests only, or with regard to the great social duties and responsibilities that they will take on in adult life?" More than a hundred years later, people are still asking the same question. The answer is that it should be neither all one nor all the other but a combination of the two. The purpose of education is to help you personally to live a satisfying and happy life of your own; but it is also just as much its purpose to help you to mature in your responsibility for cooperative, understanding citizenship, and to realize our absolute dependence upon each other.

Class Prophecy

AROUND THE WORLD IN 80 DAYS

In the year 1969 we are boarding our rocketship at the Brookfield Airport to learn the whereabouts of the class of 1959. We are being delayed because the regular driver, BOB LUND, is on vacation to the moon visiting with the green and gold people-eaters. One of the green and gold people-eaters, JOAN FOUNTAIN, is teaching the Mars men how to make love. And lo and behold, who is our substitute driver but the speedy ED BENNETT. After being delayed for five hours, we are finally on our way to find our first victim. Our first stop is Tantasqua to see what ten years have done. The only drastic change on the teaching staff is the appointment of DAVID YATES as gym instructor because Mr. MacArthur is now too old. Another appointment is that of JUDY DOWLING as the little woman you talk to when you have problems. (We always knew they needed one.) As we leave the school, we notice there is a large crowd of football players carrying coach DONA MORGAN off the field. She has passed out—they won their first football game. Because of this victory, Dona is sponsoring a victory dance in honor of the squad. The music will be provided by that famous Tantasqua disc jockey, ALAN SEYMOUR.

We have now resumed our flight and as we take our last look at Tantasqua we notice a speck running frantically below us. We swoop down to observe the object below and guess what—it is EDDIE RACICOT circling the track. We also see a speeding car heading for school and who should it be but DAN MACUMBER who is late as usual.

As we settle back to enjoy our ride, we pick up a newspaper to read that JUDIE BONIN has been arrested by that rough, tough, blonde woman cop, BARBARA DUBAY, for bootlegging up in the mountains of Sturbridge.

Now we have to raise our altitude in order to escape the large clouds of black smoke ahead of us. This poisonous smoke is what is left of Monsanto. That mad, mad scientist RONALD MARTIN has blown it sky high with his attempts to experiment.

It is now getting dark so we decide to call it a day and land in New York City. After supper we go to Radio City Music Hall to see what is new in the entertainment world. As we enter, however, there is a great sound of applause (not for us) but for JEAN CARLIELL who has just finished her star performance. As she takes her final bow, she declares that she owes it all to her great, graceful teacher, JANIE LEAO. Learning this fact, we want very much to chat with them. Wanting us to hit the high spots in town, Janie advises us to go see TERRY HICKS, president of the Lonely Hearts Club; however, future years may change the situation for him. Early in the morning, we go to NBC to see the star, DAVID WORTHINGTON, before rehearsal for his part as Don Knots on the Steve Allen Show. We ask him if he is nervous, he says, "Nope."

Back on our rocketship, we dial our TV to channel XYZ to enjoy the Mr. Wizard show until we find that BOB MORRIS is now Mr. Wizard. After noting this disaster, we turn to see how the president, LENNY JALBERT, is advancing with his Mickey Mousekateers on channel ABC. We notice that one of the Mousekateers looks familiar. After analyzing the mouse for some time, we arrive at the conclusion that it is BEVERLY McDONALD—she is after the big cheese. Next we pass over Washington, D. C., where they are celebrating the appointment of HELEN PATT as 4-H leader of the United States.

We are now being grounded by the police at San Quentin because our rocketship is not properly licensed. At San Quentin who should we meet but ERIC GUSTAFSON who is the new warden there. He has special duty to watch over MICKEY ROBIDA who is now serving time for tax evasion because of her crooked records with Vezina Tractor Sales. While waiting for our rocketship to get properly licensed, we visited M.G.M. Studios, now directed by BUD VANWETTERING who was recently divorced by actress JEAN MEGARRY for non-support and cruelty. Her latest role is in JIMMY WILLIS'S revised version of *Peyton Place*. We are now being interrupted by Jean

Magarry's dress designer, JOE POIRIER, who is creating new fashions. We now take a jaunt over to Disneyland where FRANCIS SMITH and LARRY BROWN are in competition to see who will be the new Woody Woodpecker. Woody's hair has turned gray.

Our rocketship now properly licensed we are on our way to Russia. We flip the switch on our radio to hear the latest music from Russia and who should we hear but the Russian Elvis Presley, BILLY GERO, singing his Itchy, Twitchy Feeling. The song is quickly interrupted (what a relief) to flash an important news bulletin. THERESA GERVAIS has just won a contest for five years of steady talking. We now stop in Russia to refuel, and lo and behold, who should be the gas-pump jerker but GORDON REID who is singing "I'm Getting Married in the Morning." We go next to see the premier, JIMMY McGOVERN, who is going to take us on a tour. The first sight is his newly installed drive-in in the Kremlin, the only one of its kind. It is now intermission time and JUDY HARDER is advertising for Profile. Jimmy says he just sent another member of Tantasqua over to the salt mines, his victim this time being BOB SAVARY. His explanation was simply this—"He was smarter than me." Whereas Russia is so near to China, Jimmy wishes most we visit one of his comrades, BILLY TAMM, who is giving Chinese wrestling lessons to quarreling lovers.

We now leave Jimmy and are bound for Europe. As we fly over Frankfort, Germany, we get hungry. Because our stomachs get the best of us, we land and look for a place to eat. Who should we see standing on the corner selling hot dogs but RICHARD HAMBORG.

We are now ready to resume flight and head for Belgium to see the World's Circus where RONNIE HEROUX is in the side show as the tall man—he has reached the height of 9'10". He says his secret is elevated shoes. The show was magnificent but we have to leave and get on our way to Paris.

As we walk down the streets of Paris, bulging on all sides from our hot dogs, our eye is caught by a shapely sign reading BETTY MARTIN'S Reducing Salon. We go in to visit with Betty and trim our bulges. Her partner, LORETTE BOURBEAU, is busy cutting the fat from a woman. We leave the salon in search for some fashionable clothes. As we glance up the street, we see an intriguing little shop. As we enter we notice that the door mat reads "BOB KNIGHT'S Nightie Shop." We notice an attractive green and gold negligee being displayed by ANN PAQUETTE. We always knew there was something between those two. Now we go to a fashion show where they are showing the new swept-wing look in dresses. These are the creations of NANCY GREGORY, a newcomer in the fashion world.

After our adventurous stay in Paris, we need a vacation, so we head over to Ireland. Ireland is really racing with excitement because BERTA KEEFE has just cleaned up in the Irish Sweepstakes with her mule Get Up and Go. Her opponent was SANDY BANKS who rode Beedle Bomb. We buy a newspaper sold by DAVID PROPHET who is also giving away cigars in celebration of the arrival of six new bouncing puppies. On the front page is the latest scandal of the year. ALAN DEMETRIUS is being tried by Judge MARCIA HITCHCOCK for the slaying of his fiance, CAROL NASE, who was going out with EDDIE CALDBECK on the sly while Alan was holding up the Tantasqua Student Council Store now owned and operated by BEA WAITE. He got away with one girl's gym suit and two book covers. On the last page we see that CHAD CHASE is the writer of a lovelorn column.

We are now ready to land in Egypt where CONNIE MAY is an Egyptian Mummy—her motto is, cheaper by the dozen.

From Egypt our next stop is Arabia. Here we visit playboy KENNY LEARNED who is living the life of luxury with his harem. He is very upset about his sister SANDY LEARNED—she keeps having illusions of washing the tables in the cafeteria at Tantasqua.

Now we fly down to South Africa. Here that isolated personality, LINDA HERBERT, has established a chain of Clam Boxes and BARBARA OLIVER is her only customer. We also stop over and see PAUL CARLSON who is busy working in his lab to find something to take the place of anti-freeze, because Drano doesn't work too well.

From here we decide to take a quick trip to Alaska. While flipping through the latest edition of *Confidential,* we notice that CALMA MEYRICK is advertising Grow All for bald women. We also see where NANCY BEEMAN is modeling baby clothes—she shrank from old, old age. The editor-in-chief of this magazine is the small town *Tom-Tom* Editor, CLARK ELLIOTT.

We reach Alaska successfully and here we run into SANDY CRESPO who is hunting for a waterproof mink to make herself a bathing suit so that she may become the new Miss Alaska of 1969.

Hearing that LINDA SHAW is really hula hooping it up in Hawaii, we are going to visit her. She says that hula hoops are far better than the grass skirts ever were. The Coast Guard has just landed in Hawaii and we are going to have the honor of meeting the major and his wife, DIXIE HALL, the cook for the Coast Guard. While flying over the island, we look down to see a lovely home in the palms where EUGENE PLASSE is reclining with his lovely wife, PAULINE BOUTWELL, in the back patio. It was a picturesque sight.

While flying back to the States, we turn on the TV to watch the wrestling match between those two famous lady wrestlers, SUSAN CHARTIER and JOANNE LESCARBEAU.

Our next stop is Boston. Here we find JUDY GLYNN is a cheerleader for the Celtics; she is having a hard time landing the captain. She says WILLA POWER is now bat boy for the Boston Nylons, who are destined to go places this year because they have a lot of runs. While in Boston we even *run* into JOYCE NICHOLS, who is now registrar of motor vehicles for Massachusetts. At the registry of motor vehicles, we hear Joyce and KATE ROBERTS having a disagreement as to whether or not Kate can register her new bomb. She has just invented a car smaller than the Volkswagen—a wagon.

While leaving Boston we stop to attend funeral services for one of our former classmates, MARIE PLASSE, who was hit on the head with a rolling pin. This was the result of a friendly argument between PAT POTTER and BUTCH PLANTE.

Our last stop is New Hampshire. On the way, we notice a colorful billboard where JEFFREY MELHUISH is displaying his Ipana smile. While in New Hampshire we learned that TONI BURTON has finally made her way into Dartmouth and is still there. She likes the opportunities the social life offers.

Having to report back to Tantasqua the whereabouts of our class of '59, we notice a huge plaque has been added to the flag pole in honor of Miss GENEVIEVE FREW for having attained the shorthand speed of 15 words a minute. Meanwhile CAROL STEADMAN has reached a typing speed of 199.9 words a minute.

The only person unaccounted for was NICKY FAUGNO—he must have got lost in the acting world.

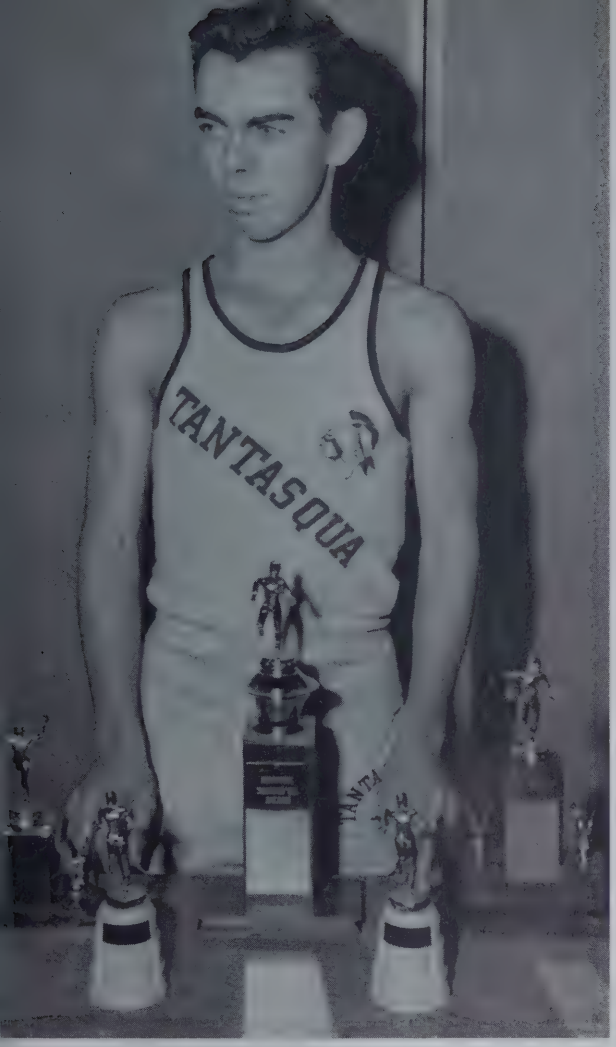
Track Record

The record for the 2¼-mile run at Tantasqua is held by Stan Chlapowski of St. Louis High of Webster in the fast time of 10:57.2.



The Ed Racicot Story

During his two years of cross-country experience, Capt. Ed Racicot has compiled a remarkable record. Last year as a Junior, Ed was undefeated in dual meets. Of a possible low point total of seven, Ed's score was perfect. At the Wachusett Invitational Meet, Ed placed second to Bob Lund, and at the Knights of Columbus Meet in Worcester, he placed seventeenth.

This year Ed was beaten only once in dual meets. In his second crack at the Wachusett Invitational, he placed fifteenth in a much faster field. The Knights of Columbus Meet also saw Ed improve his previous record—recording a sixteenth. In top form at the Cohasset Country Club Invitational, Ed grabbed first place honors.

Ed Racicot's records have steadily improved and this year he seemed unbeatable until, in a post season match, he was beaten by two seconds in the record breaking time of 10 mins. 57 secs. This is really moving on a 2¼-mile course.

We of Tantasqua pay tribute to a great athlete and a greater guy!

At the Cohasset Country Club Invitational, Ed Racicot emerged victorious with the time of 12:43.8. Eric Silverberg and Bob Asselin took third and fourth places, respectively.

The Baseball Story

What can be said about a team that comes from behind to take a championship but, "They were the Greatest." Real champions were the boys who went out one windy afternoon to down favored Barre High School and emerge on top in the Western Worcester County League. There were no stars—or perhaps they were all stars. Among the standouts on the squad were iron man of the mound Don Howard, a real demon on the field and at the bat; Captain Rusty Lucier; Boo Wheaton; Dick Woodard; Gus Simpson; Bill Van Wettering; Gordon Menard; Dave Yates; and oh so many more. These are the boys who set the league on fire and twice downed favored Barre to emerge victorious.

That's the best way to do it!

COACH BANSFIELD AND CAPTAIN-ELECT MENARD CONFER.

Look at our bats!

The High Point

It had been a long drought, but the boys came through with a bang to send arch-rival Mary E. Wells to a resounding defeat. We are all proud of the exploits and accomplishments of Captain Durand and his crew. They left us one to remember them by.

Captain Ken Durand taking one of his many firsts in the 220-yard dash.

Dave Gendreau shows sheer grace in clearing the high jump bar.

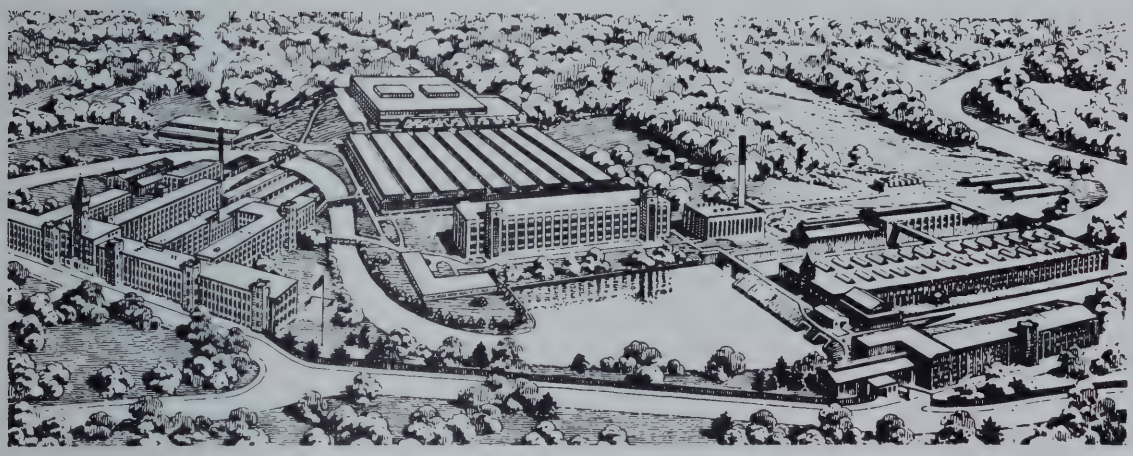
"AN INVESTMENT IN KNOWLEDGE PAYS THE BEST DIVIDENDS"

BENJAMIN FRANKLIN



Turn to the writings of any one of the world's great men and you are sure to find a reference to the great value they placed on education. We have chosen to quote Benjamin Franklin for a very special reason. Actually, he is the father of a large segment of our business because it was he who invented the first bifocal lens!

The "investment"—as Franklin puts it—that you are now making in knowledge will go far to insure your success in later life. And further, the "dividends" that you will receive later will be proportional to the degree of mastery which you attain in your studies.

American Optical Company is also currently making a large investment in knowledge to insure its future. Our new Research Center, staffed by learned scientists and technicians in the fields of optics, stands as a fine example. It is our belief that these people, working for the Company to improve the vision of human beings the world over, will be paying dividends for many, many years to come.

TO OUR FAITHFUL SUBSCRIBERS

Gentlemen:

The staff of the Tantasquan, the advisors, and the student body of Tantasqua Regional School wish to extend at this time their deep gratitude for your loyal and generous support of our yearbook, and to wish for you continuing success in your various businesses.

Our list of subscribers reads like a cross section of our community; we have, backing our endeavors, the enthusiastic support of the many business and professional men of the area.

Perhaps no other school activity depends so much upon the approval and active help of the community as does the TANTASQUAN. So, we have always tried to maintain a high level of excellence and effectiveness in our advertising copy and layout techniques.

Your message to the public will endure for years in the TANTASQUAN. Especially because of the many lively photos laid out in the advertising sections, attention will be directed to these pages time and again for years to come. This is what we earnestly strive for. By our expression of gratitude for your support, and by the effective advertising we furnish you in the TANTASQUAN, we hope to keep our side of the bargain.

Sincerely,

THE STAFF AND THE ADVISORS
